

About Us

“ Formed by a group of experienced educators passionate about imparting essential life skills to young children, our company is dedicated to preparing your child for a journey towards success in life.

As a parent, it was not long before I realized that aside from academic achievements, other aspects of my children's education were equally important.

Building self-confidence and imparting effective communication skills are essential in developing young minds into expressive, creative and quick-witted individuals. These personal development skills were however hardly a focus in the past.

Motivated by this need to provide an all-rounded education, we dug deep into our "treasure chest" of experience to handcraft a systematic and fun-filled Speech, Drama & Brain Development curriculum for children.

In 2004, we incorporated Treasure Chest Education Consultants (Singapore) Pte. Ltd. We achieved yet another milestone in 2013, when we started operations in Malaysia. While it is encouraging to see growth, we have never lost sight of being an education provider who brings excellent value as well as incorporating the best pedagogical practices for the child.

At Treasure Chest Education, our qualified teachers share the same passion and take pride in delivering the best learning opportunities and experience for your child.

We'd love to introduce the joys of learning to your child and look forward to him/her being part of our BIG FAMILY!

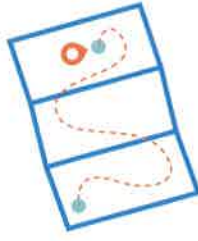

Let us show you how we make learning a fun experience!!!

Come join us as we learn and grow together!

Set Sail Beyond the Horizon

These days, having a degree alone is hardly sufficient to give your child an added edge. In our fast-paced, technology-driven society, critical and creative problem-solving skills are crucial as well as the ability to work in teams. In order to perform all these tasks, having the ability to communicate effectively is essential. No matter their aspirations, a well-honed ability to articulate ideas clearly will distinguish your child from the competition.

In a nutshell, we believe that our millennials will do well in their future if they can develop these three essential skills:

- Effective Communication
- Creative Problem Solving
- Team Work

Our fun-filled programmes aim to help your child develop these skills and more. We are committed to provide the best opportunities for your child and are confident that we can do so with our proven curriculum.

Our Programme Outline & Activities

Integrates STELLAR used in Singapore Primary Schools

Stand Up & Speak Out

Develop communication and presentation skills & self-confidence

Speech Craft

Focus on articulation, voice projection and speech clarity

Stage Craft

Develop visual, spatial awareness & problem solving skills

Testimonials from Principals & Parents

I would like to express my gratitude to Treasure Chest Education for raising the standard of literacy among the children in the childcare centres that I managed since 2007. I applaud you and your team of teachers for always looking to improve the quality of teaching and learning. Thank you so much for the hard work and dedication!

Jenny Seow

THK Group of Childcare Centres

We're glad that our students get to experience your Programme. You've been with our little ones for many years and they have benefited from your amazing curriculum. The little ones greatly enjoy their lessons delivered by your dedicated teachers who also conduct parent teacher meetings to update parents on their children's progress. Your team does and continues to do a fantastic job! Kudos to you and your team of teachers!

I would like to express my heartfelt thanks to Treasure Chest Education for providing the children at Cuddle Kids the opportunity to boost their confidence and encourage creative thinking. I am proud to say that I have witnessed our children, N2 to K2 grow to become such confident speakers. Thank you to the team at Treasure Chest Education for making all of this possible since 2004!
